SAFETY INFORMATION

ABOUT PHOTOSENSITIVE SEIZURES

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games. These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects. Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures. The risk of photosensitive epileptic seizures may be reduced by sitting farther from the television screen, using a smaller television screen, playing in a well-lit room, and not playing when you are drowsy or fatigued. If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

OTHER IMPORTANT HEALTH AND SAFETY INFORMATION

The Xbox Instruction Manual contains important health and safety information that you should read and understand before using this software.

AVOID DAMAGE TO YOUR TELEVISION

Do not use with certain televisions. Some televisions, especially front- or rear-projection types, can be damaged if any video games, including Xbox games, are played on them. Static images presented during the normal course of gameplay may "burn in" to the screen, causing a permanent shadow of the static image to appear at all times, even when video games are not being played. Similar damage may occur from static images created when placing a video game on hold or pause. Consult your television owner's manual to determine if video games can be played safely on your set. If you are unable to find this information in the owner's manual, contact your television dealer or the manufacturer to determine if video games can be played safely on your set.

Unauthorized copying, reverse engineering, transmission, public performance, rental, pay for play, or circumvention of copy protection is strictly prohibited.

XBOX LIVE

TAKE STAR WARS BATTLEFRONT™ BEYOND THE BOX

Xbox Live™ is a high-speed or broadband Internet gaming community where you can create a permanent gamer identity, setup a Friends List with other players, see when they're online, invite them to play, and talk to them in real-time as you play.

CONNECTING

Before you can use Xbox Live, you need to connect your Xbox console to a high-speed or broadband Internet connection and sign up for the Xbox Live service. To determine if Xbox Live is available in your region and for information about connecting to Xbox Live, see www.xbox.com/connect.

STAR WARS

BATTLEFRONT™

INTRODUCTION

ARE YOU READY TO STEP ONTO THE BATTLEFRONT? *Star Wars* BATTLEFRONT™ PUTS YOU IN THE ROLE OF A SOLDIER IN SOME OF THE GREATEST BATTLES IN THE HISTORY OF THE GALAXY. MAKE TACTICAL DECISIONS AND LEAD TROOPS WHILE FIGHTING ON THE VERY FRONTLINE OF BOTH THE CLONE WARS AND THE GALACTIC CIVIL WAR. CAPTURE KEY POSITIONS TO EXPAND YOUR CONTROL OF TERRITORY AND UTILIZE UNIQUE ADVANTAGES FROM EACH PLANET TO GIVE YOUR FORCES THE EDGE IN BATTLE. SPECIALIZE YOUR ROLE, BE IT SNIPING, PILOTING VEHICLES, OR SCOUTING. FINAL VICTORY WILL BE DECIDED NOT ONLY BY COURAGE AND SKILL, BUT ALSO BY TACTICS AND TEAMWORK. EMPLOY EVERY WEAPON YOU HAVE OR BECOME A STATISTIC IN THE GALACTIC DATABASE.

MAIN MENU

OPTIONS

GAME OPTIONS

VIEWPOINT

Allows you to choose between 1st or 3rd person viewpoint when playing as infantry.

VIBRATION

Allows you to turn the Xbox controller vibration ON or OFF.

FRIENDLY FIRE

Turn this ON or OFF to determine whether units on the same team can damage each other.

AUTO AIM

When this is set to ON, the game helps you aim when attacking enemies.

INSTANT ACTION HEROES

Turning this option ON or OFF determines if computer-controlled Heroes will be in Instant Action battles.

DIFFICULTY

Choose between Easy, Medium, and Hard. This affects all game types. In Online Multiplayer, the difficulty setting is determined by the Session Host, and will override your setting. In Splitscreen, Player 1 determines the difficulty setting.

TOOL TIPS

This option allows you to toggle the in game tips to Auto, On, or Off.

AUDIO OPTIONS

Here you can adjust the sound, music, and speech volumes in the game. You can also choose between various speaker settings.

CONTROLS

Here you can completely customize the buttons of the Xbox controller, invert the Y-axis for aiming, and adjust the aiming sensitivity. You can create separate control schemes for

Infantry, Vehicle, and Starfighter configurations.

UNLOCKABLES

Here you can see what bonus items you have unlocked through successful combat.

CREATING A PROFILE

When you first attempt to play a game, you will be prompted to create a profile. This profile will be used to save single player games and to save your option settings. Once in the profile creation screen, use the **L** Thumbstick or Directional Pad to navigate the available characters, and press the **A** button to enter a character. Once you have chosen a name for the profile, you will then be able to choose a difficulty level of easy, medium, or hard. This difficulty setting will apply to all game modes when using this profile. Once you have created a profile you can then add more profiles, and delete or edit existing ones.

FIGHTING ACROSS THE BATTLEFRONT

Star Wars Battlefront offers multiple gameplay modes, each one centered around raging battles throughout the galaxy. On each planet the objective is to gain control of key areas called Command Posts (for more information on Command Posts, see page 12). Before entering the battle as a frontline troop or reinforcement, the player selects a character from several available classes, each with their own specialties. Once on the battlefield, you must help advance your army by defeating enemy units and taking their Command Posts, which in turn reduces their ability to field reinforcements. Each mission will have its own requirements for victory, but the key to gaining the advantage is tactical control of the map's Command Posts.

GAME SCREEN

- 1 Primary Weapon/Ammo** The light blue silhouette indicates what weapon you have equipped along with the shots left in your clip plus total shots remaining. If the weapon has recharging capabilities the ammo is represented by a bar that refills automatically. Using some weapons or abilities causes them to overheat. Each weapon's energy bar recharges over time. If it turns red you will be unable to use that ability until it turns blue.
- 2 Secondary Weapon/Ammo** The light blue silhouette indicates what weapon you have equipped along with the shots left in your clip plus total shots remaining.
- 3 Reinforcement Meter** The numbers and bars represent the strength of reinforcements for each faction. The player's faction is Green, the enemy is Red. For more information, see Reinforcements, page 14.
- 4 Health** Represents how much damage you can take before you become just another casualty on the battlefield.
- 5 Vehicle Armor/Unit Shields** A bar will appear here representing the remaining armor of the vehicle if you occupy one, or remaining shields if your unit has a shield active.
- 6 Vehicle Position Indicator** These pips represent available positions within a vehicle. The first pip is always the pilot/driver position. Other pips are gunner positions. Unoccupied positions are clear. A White Pip represents the player, Green pips represent other human players, and Yellow pips represent AI players.
- 7 Enemy Health** This appears when you have an enemy targeted.
- 8 Targeting Reticle** When the reticle is pointed at a friendly character, it will turn Green; if pointed at an enemy it will turn Red.
- 9 Successful Hit Indicator** When you score a hit on a target, this ring will appear for a moment. Pay attention to this, as it will help you gauge your accuracy. A Green hit indicator means you hit a friendly, Red means an enemy hit, and Blue means a hit to an unoccupied vehicle or destructible object.
- 10 Map** See page 11 for information.

PAUSE SCREEN

Press **START** to pause the game. Here you can access several options:

RESUME GAME

Select this to return to the action.

RESTART MISSION

Starts the mission from the beginning.

OPTIONS

Allows access to the same options available from the Main Menu.

QUIT

Return to the current game mode's menu.

MAP

This displays your location relative to the environment. The large white arrow designates your position and facing, while green arrows indicate friendly units and red arrows indicate enemies. Yellow arrows represent native species, which may or may not be hostile depending on your faction. The arrows representing units will flash if they are taking damage. Command Posts appear as ringed dots, colored green for friendly, red for enemy, yellow for native, and white for neutral. Objects that can be used as cover appear light blue. Turrets appear as white dots with a line indicating facing. Unoccupied vehicles appear as white silhouettes; occupied vehicles are silhouettes with the appropriate color.

The map spins to orient its position relative to the player's facing when in the default mode. When the map is enlarged (by pressing the BACK button), it remains static regardless of the player's facing.

Command Posts are always displayed even if they are beyond the radius of the map. They will appear at the edge of the map indicating the direction the player will need to travel to get to them.

By pressing the BACK button the map will expand to full screen and show the entire battlefield and all Command Posts. Pressing the BACK button again will place the map back to its original default position.

COMMAND POSTS

Each battlefield contains tactical positions placed in key locations across the map. These areas of control are called Command Posts and they are vital because:

- Reinforcements are deployed at Command Posts. Whenever a player dies, he rejoins the battle by choosing a friendly Command Post to deploy. Therefore, if a team has no Command Posts under its control, it cannot deploy any reinforcements until it recaptures a Command Post.
- If a team controls the majority of the Command Posts on a map, the opposing team will start to lose reinforcements automatically. If a team controls all of the Command Posts on a map, a victory timer will start counting down.

COMMAND POST OWNERSHIP

Command Posts with a green symbol always belong to your team; Command Posts with red symbols belong to the enemy and Command Posts with yellow symbols belong to native units. Command Posts with a white column are neutral and belong to no one.

To capture an enemy or neutral command post, you must stand within its capture radius. You will know you are close enough if the capture icon appears on the screen. If there are no enemy units nearby, the capture icon will slowly change color from red to white to green. When the capture icon is completely green, the Command Post will now belong to your team.

The rate of capture will increase if you have additional friendly units nearby. If there are enemy units nearby, the capture icon will alternate between green and red until one side is driven off. You cannot capture a Command Post if you're in a vehicle.

Some Command Posts belong to one team only and cannot be captured by the opposing team. However, they can be destroyed by weapons fire; these destructible Command Posts can only be repaired by human players. Destructible Command Posts appear on the map as diamonds instead of circles.

Certain vehicles, such as the Imperial AT-AT, are Mobile Command Posts. Mobile Command Posts deploy reinforcements just like stationary Command Posts; the only difference is that they can bring troops to any point on the battlefield. Mobile Command Posts cannot be captured by the enemy team but they can be destroyed. If destroyed, they will reappear after a set amount of time.

REINFORCEMENTS

Reinforcement Points represent the number of the reinforcements that each team has for an individual battle. The number of reinforcements for both teams is displayed in the reinforcement meter at the top of the screen. The green bar represents your team's reinforcements while the red bar displays the amount of enemy reinforcements.

Units can continue to join the game as long as two conditions are met: there are reinforcements left for that team; and that team controls at least one Command Post.

When a unit dies, it takes one point off its team's reinforcement total. Even if there is only one reinforcement point left, any number of units can still deploy to valid Command Posts. However, if one faction's Reinforcement Points reaches zero, then they lose the battle.

Reinforcements are deployed according to a reinforcement timer. For single player games, there is no timer and you can deploy immediately after dying. For multiplayer games, the reinforcement timer varies with the map. The reinforcement timer counts down from ten to fifteen seconds; when it reaches zero, reinforcements are deployed for both teams. In other words, if you die in a multiplayer game, you will have to wait between one to fifteen seconds before you redeploy at a friendly Command Post.

When the number of reinforcements for a team matches the number of units it has on the field, that team will no longer lose reinforcements automatically. This is true even if that team has two or less Command Posts in its possession. This is done to make sure that victory is earned by defeating all enemy units in combat or by capturing and holding all the Command Posts on a map. In addition, AI units will no longer respawn when killed at this stage of the game. This rule provides human players with the most opportunities to affect the outcome of the game.

UNITS

REBEL ALLIANCE

REBEL SOLDIER

The Rebel soldier is effective against infantry, especially when they employ squad-based tactics. Equipment: blaster rifle, blaster pistol, thermal detonators, and concussion grenades.

REBEL VANGUARD

Vanguards are called upon to punch holes in an Imperial vehicle brigade. The heavy weapons they carry provide the means to take down menacing enemy air and ground vehicles. Equipment: missile launcher, blaster pistol, thermal detonators, and mine dispenser.

REBEL PILOT

Rebel pilots automatically regenerate the health of whatever vehicle they occupy and are capable of repairing damaged vehicles, droids and turrets. They also serve as battlefield medics and ammo suppliers. Equipment: blaster cannon, blaster pistol, fusion cutter, and health/ammo dispenser.

WOOKIEE SMUGGLER

Whenever there is a need to slip past an Imperial fleet undetected, just look

for a smuggler. For a fee, the smuggler is willing to take the risk of running contraband right under the Emperor's nose. Equipment: bowcaster, grenade launcher, and time bombs.

REBEL MARKSMAN

Rebel marksmen have the specialized task of finding and eliminating targets from a safe location. Their recon droids are capable of ordering deadly orbital strikes on enemy positions. Equipment: sniper rifle, blaster pistol, thermal detonators, and recon droid.

GALACTIC EMPIRE

STORMTROOPER

The iron will of the Emperor is personified in the stark white armor of the feared stormtrooper. They are highly disciplined and fanatically loyal to the Emperor, making them an excellent front line assault force. Equipment: blaster rifle, blaster pistol, thermal detonators, and concussion grenades.

SHOCK TROOPER

The shock trooper offers powerful support to the blaster-based troops by carrying a small portable missile launcher. This weapon fires explosive charges that are highly effective against vehicles or tight formations of infantry. Equipment: missile launcher, blaster pistol, thermal detonators, and mine dispenser.

IMPERIAL PILOT

Imperial pilots automatically regenerate the health of whatever vehicle they

occupy and are capable of repairing damaged vehicles, droids and turrets. They also serve as battlefield medics and ammo suppliers. Equipment: mortar launcher, blaster pistol, fusion cutter, and health/ammo dispenser.

SCOUT TROOPER

Scout troopers use concealment, probe droids and patience to target faraway enemies and eliminate them with their high-powered sniper rifles. Their recon droids can call down orbital strikes from the mighty Imperial fleet. Equipment: sniper rifle, blaster pistol, thermal detonators, and recon droid.

DARK TROOPER

Dark troopers use their jetpacks to "jump" to their targets. Once in position, they will attempt to do as much damage as possible. Equipment: blast cannon, blaster pistol, and thermal detonator.

REPUBLIC

**CLONE TROOPER**

Perfect genetic creations, the clone troopers are the backbone of the Republic Army. They are most effective against infantry units when they can attack in large, coordinated numbers. Equipment: blaster rifle, blaster pistol, EMP grenades, and concussion grenades.

ARC TROOPER

The Advanced Recon Commando, or ARC trooper, handles the anti-vehicle battlefield duties of the Republic Army. To this end, the ARC trooper carries a powerful missile launcher. This specialization leaves the trooper with fewer options in close combat, so he relies on his brethren to protect him. Equipment: missile launcher, blaster pistol, thermal detonators, and mine dispenser.

CLONE PILOT

Clone pilots automatically regenerate the health of whatever vehicle they occupy and are capable of repairing

damaged vehicles, droids and turrets. They also serve as battlefield medics and ammo suppliers. Equipment: DN boltcaster, blaster pistol, fusion cutter, and health/ammo dispenser.

CLONE SHARPSHOOTER

On the battlefield, the clone sharpshooter is responsible for one task: disrupting enemy infantry. His recon droid is also capable of calling down devastating orbital strikes on the enemy. Equipment: sniper rifle, blaster pistol, thermal detonators, and recon droid.

JET TROOPER

Capitalizing on the "genetic memory" of Jango Fett, the jet trooper utilizes a limited-flight jetpack to cover great distances very quickly. The agility of the flying jet trooper makes him very hard to hit, and his EMP launcher is a deadly weapon against the droid armies. Equipment: EMP launcher, commando pistol, and thermal detonators.

CIS

**SUPER BATTLE DROID**

After the debacle at the Battle of Naboo, the Trade Federation ordered a stronger, more independent battle droid, officially designated the B2. Resembling hulked, reinforced battle droids, super battle droids are far superior to their skeletal-looking counterparts. Equipment: wrist blaster, tri shot, and wrist rocket.

ASSAULT DROID

Under the control of the Separatists, assault droids serve as a cheap yet effective solution to the fast-moving threat of Republic vehicles. Essentially mobile missile launchers, these droids allow the Separatists to handle tough situations. Equipment: missile launcher, blaster pistol, thermal detonators, and mine dispenser.

PILOT DROID

Pilot droids automatically regenerate the health of whatever vehicle they occupy and are capable of repairing damaged vehicles, droids and turrets.

They also serve as battlefield medics and ammo suppliers. Equipment: radiation launcher, blaster pistol, fusion cutter, and health/ammo dispenser.

DROID SNIPER

Recon droids are specifically programmed and designed with advanced targeting capabilities that allow them to take down targets at extreme range. Their recon droids can

also bring down orbital strikes on Republic troops. Equipment: sniper rifle, blaster pistol, thermal detonators, and recon droid.

DROIDEKA (DESTROYER DROID)

Even feared by Jedi Knights, the crab-like droideka is equipped with a personal shield and two powerful repeating blasters instead of arms. The droideka transforms into a wheel in order to cruise rapidly around the battlefield. Equipment: repeating blasters and shield emitter.

VEHICLES

There are several distinct classes of vehicles that can be piloted, ranging from fast speeder bikes to fearsome AT-AT walkers.

Scattered throughout the map are Vehicle Repair Droids. Just approach one of these to have your armor repaired and ammo refilled automatically.

TYPES OF VEHICLES

SCOUT VEHICLES

This type of ground vehicle is fast and light. They can zip across the battlefield at great speed and are not meant for heavy combat. They are armed and armored, but only lightly to give some minimal protection. This type includes the 74-Z speeder bike and the STAP.

MEDIUM ASSAULT VEHICLES

These vehicles have heavier weapons and armor, and are slower than the Scout craft, but they pack more power and durability. This type includes the Rebel combat landspeeder, TX-130S fighter tank, AAT, and hailfire droid.

HEAVY ASSAULT VEHICLES

These vehicles are even more heavily armed and armored, and are used at the front of most assaults. This type includes the spider droid and AT-ST.

HEAVY ASSAULT TRANSPORT

These lumbering behemoths can unload devastating amounts of firepower on a target, as well as serving as mobile Command Posts. This type includes the AT-TE, AT-AT, and MTT.

STARFIGHTERS

These craft are fast, maneuverable starfighters. They have forward firing blasters and a small complement of missiles. Their primary purpose is to provide cover for enemy troops on the field below and keep the skies clear of enemy craft. This type includes the Jedi starfighter, droid starfighter, X-wing, TIE fighter, Y-wing, TIE bomber, and Geonosian starfighter.

ATTACK TRANSPORT FLYERS

This type acts as attack craft and troop transports in battle. They also provide some limited anti-air support, but are outmaneuvered by the smaller starfighters. This type includes the Republic Gunship and MAF.

SINGLEPLAYER

HISTORICAL CAMPAIGN

The Historical Campaign allows you to experience battles from either the Clone Wars or the Galactic Civil War. You begin by choosing which era, and then work your way through missions in chronological order. This mode also unlocks bonus items as you progress through it.

GALACTIC CONQUEST

In this mode the player uses strategy to take control of planets and dominate an area of the galaxy. First you choose a map configuration based on conflicts from both eras of *Star Wars* history. Some maps start both sides evenly and some favor one faction. Then you choose which faction you would like to play.

The game is played in turns, with the player starting with initiative. When you have initiative you are able to choose which planet to attack. The battle then takes place in the same manner as the other game modes. If you are victorious, you maintain initiative and may select another planet to attack. If your enemy wins a battle, it will then be able to choose where to attack until you again win a battle.

Once you have gained complete control of a planet by winning a battle there, you then gain the ability to use the planet's bonus. Each planet provides its own unique bonus, so choose your attacks wisely. After attaining access to one or more of these bonuses, you may select one bonus from the planets you control, which will then apply during the current battle.

If one side manages to win four battles (not necessarily in a row), they gain access to their faction's Secret Base bonus. The Secret Base bonuses are very powerful and change the course of a game. They can be used on any enemy planet except for the enemy's Secret Base.

The game is completed when one faction controls all of the planets on the map.

INSTANT ACTION

This mode allows you to jump right into a battle of your choice. You can also customize a list of battles that will then be played through in the order you designate.

SPLITSCREEN

This mode allows two players to play head-to-head or cooperatively on the same Xbox® video game system. Both players need to have their own player profiles before a splitscreen game can begin.

MULTIPLAYER

This mode allows you to compete against other players using System Link or over the Internet. An Xbox Live account is necessary for this mode of play. Please refer to page 3 for information on setting up an account.

When selecting the multiplayer option, you will first need to select a network connection. Once you choose your connection, you can then choose from two different ways to connect to a multiplayer game.

NOTE: If you choose to host a multiplayer game yourself, you will have a choice of dedicated or non-dedicated mode. Hosting in dedicated mode means that your Xbox console will be able to provide a more stable multiplayer environment, however you cannot use it to play in the game it is hosting. Hosting in non-dedicated mode allows you to play while hosting, but the game may not

perform as well. Performance and stability are also affected by bandwidth and the number of AI characters in a game. It is recommended that you reduce the number of players and AI characters if you are not running in dedicated mode and/or do not have high bandwidth.

SYSTEM LINK

Select this option if you want to connect to a game using System Link. From here you will be presented with several different choices:

CLIENT: Brings up a list of open games that you can join.

HOST: Allows you to host a game yourself. First enter any name for the game (the default is your profile name), then choose the map(s) and launch the game when you are ready.

OPTIONS: Here you can adjust the volume of other players' voices coming from the TV.

Hosting Bandwidth: When hosting a game, if you have high bandwidth, you can increase this setting to allow for more players or bots in your game.

Display Network Performance Icon: Toggle this option ON to display an icon onscreen when latency is occurring.

XBOX LIVE

This option allows you to find games through Xbox Live. When you select this option you must enter a password to access your Xbox Live account. Once you log in you will be presented with the following options:

CLIENT: Brings up a list of open games that you can join.

HOST: Allows you to host a game yourself. First enter any name for the game (the default is your profile name), then choose the map(s) and launch the game when you are ready.

OPTIONS: Here you can adjust the volume of other players' voices coming from the TV.

Hosting Bandwidth: When hosting a game, if you have high bandwidth, you can increase this setting to allow for more players or bots in your game.

Display Network Performance Icon: Toggle this option ON to display an icon onscreen when latency is occurring.

SAVING THE GAME

The game will automatically give you the option to save your game when completing a mission in the Historical Campaign or Galactic Conquest modes. Upon returning to a Historical Campaign game, there is no need to load the save; instead all unlocked battles will be available automatically when choosing your era. In Galactic Conquest, you are able to select a new game or load a save from a previous map.

You will also be prompted to save your game whenever you alter any options, in which case the data will be saved to your profile.

AWARDS

Along with being able to review the number of kills, deaths, and Command Posts captured for each player after a battle, awards are also given to players who make certain achievements. They include the following:

TANK BUSTER: This honor is bestowed upon the player with most vehicle kills.

DEAD EYE: This award is given for the most accurate player.

CAMPER: Denotes the player that staked out a location the most during a game.

BANTHA FODDER: The title of the player that was killed the most in the session.

PUBLIC ENEMY: Awards the most kills achieved by a player in one lifetime.

KILLING SPREE: Won by the person who had the most kills within a five second window.

SURVIVALIST: The player who got down to less than 10% health and was healed back to full.

TRAITOR: Declares the infamous person who killed the most teammates during a game.

BAIT: Denotes the player that you personally killed the most during play.

NEMESIS: This stat declares the opponent that killed you the most during a game.

HOW TO CONTACT LUCASARTS

LucasArts has set up a variety of services to provide you with information about our latest games, hint and gameplay assistance, and technical support.

HINT LINE

U. S.

If you need a hint, you may call our automated Hint Line. This service costs \$1.99 per minute, requires a touch-tone phone, and you must be at least 18 years old or have a parent's permission to call. The number is 1-900-329-JEDI (1-900-329-5334). The option to speak with a live Hint Operator is also available from this number. Hint line operators are available during regular business hours, Monday-Friday 9:00 a.m. to 6:00 p.m. (Pacific Standard Time). (Average call length is three minutes.)

CANADA

Our Hint Line is also available to our Canadian customers. This service costs \$1.99 (U.S.) per minute, requires a touch tone phone, and you must be at least 18 years old or have a parent's permission to call. The number is 1-900-677-JEDI (1-900-677-5334). Hint line operators are available during regular business hours, Monday-Friday 9:00 a.m. to 6:00 p.m. (Pacific Standard Time). (Average call length is three minutes.)

LUCASARTS RESERVES THE RIGHT TO DISCONTINUE THE HINT LINE AT ANY TIME AND WITHOUT NOTICE.

WHERE TO FIND US ONLINE

Visit the LucasArts Technical Support Web site at support.lucasarts.com. From there, you can receive online technical support through Yoda's Help Desk, browse technical documents, or leave a message for an on-line representative.

YODA'S HELP DESK

We are proud to feature Yoda's Help Desk, an interactive knowledge base, which is available in the Technical Support section of the LucasArts Web site at support.lucasarts.com. Yoda's Help Desk offers solutions to technical issues based on information you provide. Visitors to Yoda's Help Desk will be able to receive technical support 24 hours a day, seven days a week. If Yoda's Help Desk is unable to provide you with a solution to your problem, you can send an e-mail message to an online representative.

TECHNICAL SUPPORT PHONE NUMBER

This number is for technical assistance only. Hints will not be given out over the Technical Support line.

You can reach our Technical Support department by calling 1-415-507-4545. We are available to help you Monday-Friday, 9:00 a.m.-6:00 p.m. (Pacific Standard Time).

TECHNICAL SUPPORT FAX

For your convenience, we also offer the option of faxing us with your technical questions at: 1-415-507-0300. When sending us a fax, please include your name, return fax number with the area code, and a voice phone number so we can contact you if we experience any problems when trying to fax you back.

TECHNICAL SUPPORT MAILING ADDRESS

LUCASARTS COMPANY STORE

Safe, quick, convenient shopping is just a click away. Visit our secure online store at store.lucasarts.com for great deals on games and unique items you won't find anywhere else-hats, T-shirts and so much more.

Place your order online or call us toll-free at 1-888-LEC-GAMES. (Technical support is not available on this line.)

SOFTWARE LICENSE AND LIMITED WARRANTY

PLEASE READ THIS LICENSE CAREFULLY BEFORE INSTALLING OR OTHERWISE USING THE SOFTWARE. BY INSTALLING OR OTHERWISE USING THE SOFTWARE, YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS LICENSE. IF YOU DO NOT AGREE TO THE TERMS OF THIS LICENSE, DO NOT INSTALL OR USE THE SOFTWARE AND PROMPTLY RETURN THIS PACKAGE AND ITS CONTENTS TO THE PLACE OF PURCHASE FOR A REFUND OR EXCHANGE SUBJECT TO THE RETURN POLICY OF THE RETAILER.

The computer program, artwork, music, printed materials, on-line or electronic documentation, and other components included in this product and all copies of such materials as such as may be modified or updated (collectively referred to as the "Software"), are the copyrighted property of LucasArts, a division of Lucasfilm Entertainment Company Ltd. and/or its affiliated entities or divisions, and its licensors (collectively referred to as "LucasArts" or "Publisher"). The Software is non-exclusively licensed (not sold) to you, and LucasArts owns and/or controls all copyright, trade secret, patent and other proprietary rights in the Software. LucasArts may make improvements or updates to the Software at any time and with or without notice to you, which may be automatically downloaded into the memory card(s) used in connection with the Software. Such updates or improvements may change the game play associated with the Software.

Subject to the terms and conditions of this Agreement, you may use the Software, solely for your personal use and only in connection with a Microsoft Xbox video game system. You may not circumvent or attempt to circumvent any technological measures in the Software or the media designed to prevent copying or unauthorized access.

All rights not specifically granted under this Agreement are reserved by LucasArts and, as applicable, their licensors. You may not: (1) copy the Software in its entirety onto a hard drive or other storage device and you must run the Software from the included Digital Versatile Disc ("DVD"); (2) distribute, rent, lease or sublicense all or any portion of the Software; (3) modify or prepare derivative works of the Software, except as otherwise may be allowed herein; (4) transmit the Software over a network, by telephone, or electronically using any means, or permit use of the Software, in a network, multi-user arrangement or remote access arrangement except in the course of your network multiplayer play of the Software over authorized networks in accordance with its documentation; (5) engage in matchmaking for multi-player play over unauthorized networks; (6) design or distribute unauthorized levels; (7) reverse engineer the Software, derive source code, or otherwise attempt to reconstruct or discover any underlying source code, ideas, algorithms, file formats, programming or interoperability interfaces of the Software by any means whatsoever, except to the extent expressly permitted by law despite a contractual provision to the contrary, and then only after you have notified LucasArts in writing of your intended activities; (8) remove, disable, or circumvent any proprietary notices or labels contained on or within the Software; (9) export or re-export the Software or any copy or adaptation thereof in violation of any applicable laws or regulations; or (10) commercially exploit the Software, specifically at any cyber café, computer gaming center or any other public site without first obtaining a separate license from LucasArts (which it may or may not issue in its sole discretion) for such use, and LucasArts may charge a fee for any such separate license.

You may transfer the Software, but only if the recipient agrees to accept and be bound by the terms and conditions of this Agreement. If you transfer the Software, you must transfer all components and documentation. Your rights in and to this license are automatically terminated if and when you transfer the Software.

LucasArts warrants to the original consumer purchaser only that the media furnished in this Software will be free from defects in materials and workmanship under normal use for a period of ninety (90) days from the date of purchase (as evidenced by your receipt). If the media furnished in this Software proves to be defective, and provided that the original consumer purchaser returns the media to LucasArts in accordance with the instructions in this paragraph, LucasArts will replace the defective media: (a) free of charge to the original consumer purchaser, if the media proves to be defective within the ninety (90) day period following the date of purchase, or (b) for a fee of \$15.00 (all references herein are to United States dollars) per DVD, if the media proves to be defective after the expiration of the ninety (90) day warranty period, provided that the request is made within a reasonable time from purchase, and LucasArts continues to distribute the DVD commercially. To obtain a replacement DVD, please return the defective DVD only,

postage prepaid, to LucasArts, a division of Lucasfilm Entertainment Company Ltd., P.O. Box 10307, San Rafael, CA 94912, accompanied by proof of date of purchase, a description of the defect, and your name and return address, as well as a check for \$15.00 made payable to LucasArts per DVD if after expiration of the warranty period. LucasArts will mail a replacement to you. In the event that the Software is no longer available, LucasArts retains the right to substitute a similar product of equal or greater value. This warranty is not applicable and shall be void if the defect has arisen through abuse, mis-treatment, neglect, or from normal wear and tear. LucasArts has no obligation to provide support, maintenance, upgrades, modifications or new releases under this Agreement.

You expressly acknowledge and agree that use of the Software is at your sole risk. Except for the limited ninety (90) day warranty on the media set forth above, the Software and any related documentation or materials are provided "AS IS" and without warranty of any kind. LUCASARTS EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. LUCASARTS DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS, THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE SOFTWARE WILL BE CORRECTED. THE ENTIRE RISK AS TO THE RESULTS AND PERFORMANCE OF THE SOFTWARE IS ASSUMED BY YOU, AND YOU (AND NOT LUCASARTS) ASSUME THE ENTIRE COST OF ALL SERVICING, REPAIR AND/OR CORRECTION. LUCASARTS SHALL ALSO NOT BE LIABLE FOR ANY DELAYS, SYSTEM FAILURES OR SYSTEM OUTAGES WHICH MAY, FROM TIME TO TIME, AFFECT ONLINE GAME PLAY OR ACCESS THERETO. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.

UNDER NO CIRCUMSTANCES INCLUDING NEGLIGENCE, SHALL LUCASARTS, OR ITS DIRECTORS, OFFICERS, EMPLOYEES, LICENSORS, LICENSEES OR AGENTS, BE LIABLE TO YOU FOR ANY INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOST DATA, LOSS OF BUSINESS INFORMATION, AND THE LIKE) ARISING OUT OF THE POSSESSION, USE, OR MALFUNCTION OF THIS PRODUCT, INCLUDING WITHOUT LIMITATION, DAMAGE TO PROPERTY AND, TO THE EXTENT PERMITTED BY LAW, DAMAGES FOR PERSONAL INJURY, EVEN IF LUCASARTS OR A LUCASARTS AUTHORIZED REPRESENTATIVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR LOSS. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

YOU AGREE THAT THE LIABILITY OF LUCASARTS ARISING OUT OF ANY KIND OF LEGAL CLAIM (WHETHER IN CONTRACT, TORT, OR OTHERWISE) WILL NOT EXCEED THE AMOUNT YOU ORIGINALLY PAID FOR THE USE OF THE SOFTWARE. YOU AGREE TO WAIVE ANY RIGHT TO EQUITABLE RELIEF, INCLUDING, WITHOUT LIMITATION, ANY INJUNCTIVE RELIEF, TO ENFORCE THE TERMS HEREOF. THE PARTIES ACKNOWLEDGE THAT THE LIMITATIONS OF LIABILITY IN THIS AND OTHER PROVISIONS OF THIS AGREEMENT AND THE ALLOCATION

STAR WARS BATTLEFRONT™

OF RISK HEREIN ARE AN ESSENTIAL ELEMENT OF THE BARGAIN BETWEEN THE PARTIES, WITHOUT WHICH LUCASARTS WOULD NOT HAVE ENTERED INTO THIS AGREEMENT. LUCASARTS' PRICING REFLECTS THIS ALLOCATION OF RISK AND THE LIMITATION OF LIABILITY SPECIFIED HEREIN.

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS DEPENDING ON THE LAWS IN YOUR STATE.

This Agreement is governed in all respects by the laws of the State of California as such laws are applied to agreements entered into and to be performed entirely within California between California residents, and you hereby consent to personal jurisdiction in California. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. You and LucasArts each agree that any claim or controversy arising out of this Agreement or the Software shall be settled by expedited binding arbitration in accordance with the rules of the American Arbitration Association. Such arbitration shall take place in Marin County, California, and you waive any claim that such forum is inconvenient. Any such claim or controversy shall be arbitrated solely on an individual basis and shall not be consolidated with a claim of any other party. The arbitrator may not change the terms of this Agreement. The arbitrator may award injunctive or other equitable relief to enforce the terms hereof; provided, however, that no injunctive or equitable relief may be awarded that would enjoin or impair LucasArts' rights or ability to distribute or otherwise market, advertise, promote or exploit the Software. If it is judicially determined that any claim or controversy arising out of or related to this Agreement or the Software cannot be settled by expedited binding arbitration as noted above, then you agree that any such claims or controversies shall be brought and maintained in the state courts located within the County of Marin, State of California or the federal courts of the Northern District of California, and you waive any claim that either such forum is inconvenient. The foregoing shall not preclude LucasArts from seeking any injunctive or other relief for protection of LucasArts' intellectual property rights or similar rights in any court of competent jurisdiction. Because LucasArts would be irreparably damaged if the terms of this Agreement were not specifically enforced, you agree that LucasArts shall be entitled, without bond, other security or proof of damages, to appropriate equitable remedies with respect to breaches of this Agreement, in addition to such other remedies as LucasArts may otherwise have under applicable laws. The prevailing party in any action to enforce this Agreement shall be entitled to recover costs and expenses including, without limitation, reasonable attorney's fees. LucasArts shall have the right, but not the obligation, to defend or settle, at its option, any action or proceeding arising from a claim that your permitted use of the Software infringes or misappropriates any patent, copyright, or other ownership of a third party. You agree to provide LucasArts with written notice of any such claim within ten (10) business days of your first knowledge thereof and to provide reasonable assistance in the defense of such claim. LucasArts shall have sole discretion and control over the defense or settlement of such claim, unless it declines to defend or settle such claim, in which case you are free to

pursue such course of action as you reasonably determine. LucasArts is under no obligation hereunder to indemnify or hold you harmless with respect to any actions, proceedings or claims. In the event of such a claim, or if LucasArts believes such a claim is likely, LucasArts may: (i) procure for you the right to continue using the Software; (ii) modify the Software so that it becomes non-infringing; or, (iii) terminate this Agreement. You agree to comply with any court judgment or other conditions imposed on you or LucasArts as a result of an allegation of patent or copyright infringement (whether by court order, agreement or otherwise), whether or not such judgment or conditions contradict the conditions of this Agreement, including without limitation, ceasing use of the Software.

If any provision of this Agreement is held to be invalid or unenforceable, such provision shall be struck and the validity and enforceability of the remainder of this Agreement shall in no way be affected or impaired thereby and such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable. LucasArts' failure to act with respect to a breach by you or others does not waive LucasArts' right to act with respect to subsequent or similar breaches, nor will any single or partial exercise of any right hereunder preclude further exercise of any other right hereunder. This Agreement sets forth the entire understanding and agreement between you and LucasArts with respect to the subject matter hereof. Except as provided herein, this Agreement may not be amended except in a writing signed by both parties; provided, however, that LucasArts has the right, without notice and/or without a writing signed by both parties, to amend this Agreement in connection with any modifications or updates to the Software.

The license term shall commence as of the date you install or otherwise use the Software. You may terminate this license by disposing of the Software. Without prejudice to any other rights of LucasArts, this Agreement will terminate automatically if you fail to comply with its terms and conditions. In such event, you must destroy all copies of the Software and all its component parts. Your disposal or destruction of the Software and any component parts must be done in accordance with applicable law. Except for the license granted herein and as expressly provided herein, the terms of this Agreement will survive termination.

If the Software is acquired under agreement with the U.S. government or any agency or instrumentality thereof, it is acquired as "commercial computer software" subject to the provisions hereof, as specified in 48 CFR 12.212 of the FAR and, if acquired for Department of Defense (DoD) units, 48 CFR 227-7202 of the DoD FAR Supplement, or sections succeeding thereto.
